Welcome to the 2012-2013 CSI Foundation Annual Report. It is our honor to recognize those donors whose philanthropy has greatly enhanced The College of Southern Idaho through the CSI Foundation, Inc. Your generous and on-going support is helping our students to “Build Dreams.” These dreams include an education which will afford a brighter future for our students and their families.

The CSI Foundation has built a solid resource base while giving out millions of dollars in scholarship and program support at CSI. We believe it is our duty to not only grow the Foundation, but to protect the Foundation’s assets as well. With these two goals in mind, your gifts are prudently managed in order to award maximum scholarship dollars for our students.

Our relationship with you, our donor, is valued as much as your gift. The Foundation, the College and especially our students cannot thank you enough for your investment. You are shaping the lives of the next generation of leaders for our community, our state, and our country.

Dan Olmstead
CSI Foundation President

Presidents’ Message
Four outstanding employee awards are awarded each year, two to outstanding faculty and two to outstanding staff. Awards consist of $1000 stipends presented by the CSI Foundation. Two faculty are nominated by students and two staff are nominated by fellow CSI employees.

This year’s Faculty awards went to Tracey Meyerhoeffer (Outstanding Professional Technical Instructor of the Year) and Evin Fox (Outstanding Academic Faculty Member of the Year). The staff awards were given to Ansina Durham (Classified Employee of the Year) and Joey Heck (Professional Employee of the Year).

The Foundation also encourages innovative classroom delivery and faculty development by awarding Mini-Grants each year. Six grants totaling $12,842 were awarded in November 2012 and six grants totaling $13,236 were awarded in April 2013. An example of a recent award included funding to purchase costumes for dental education skits performed at area elementary schools.
Thank You CSI Foundation Community Donors

Your donations make a significant difference to a CSI student. When you give the gift of a scholarship, you are not only supporting our students financially but also changing the future for the students and their entire families. These generous donations made between July 2012 and June 2013 have helped past, present and future CSI students by creating community connections that will last forever. Thank you for helping a CSI student!

A Lifetime of Service

The late Tom Gannon, and his beloved wife, Jeanne, dedicated their lives serving our country, our community and their family. They met while serving on the Activities Council Board at the University of Idaho. They married in September of 1969.

Tom was a naval officer so the family spent the next 24 years moving around the U.S. and Japan. Tom and Jeanne returned to their roots in Idaho and settled in Buhl. Tom became involved in City government as the Planning and Zoning Clerk of Buhl. He was elected to the Idaho State Senate in 2002 where he served until his death in 2008.

Tom and Jeanne were very active in their sons’ lives. Both served as members of the school PTA, and Tom was active in scouting and soccer. Jeanne was active in the Officers Wives Club at every station, and volunteered at school. She also was their soccer coach and Tiger Cub Scout leader. Jeanne continues her legacy of serving. She has served as the President of her college sorority Corporation Board, PEO, has worked with the Boys and Girls Club, as well as the Buhl Centennial Committee. She currently serves as a Director on the CSI Foundation Board.

Tom quietly established a restricted scholarship at the CSI Foundation in 2006 to support scholarships for students attending CSI. When Jeanne learned of Tom’s generosity, she chose to honor his legacy of giving and serving by establishing The Tom and Jeanne Gannon Scholarship Endowment to support students in perpetuity. The students at the College of Southern Idaho are grateful for the gifts given to them by the Gannon family.
Preserving Connections with the 2013 Black and Gold Ball

The CSI Foundation hosted the 16th annual Black and Gold Ball on Saturday, April 13, 2013, at Canyon Crest Dining and Event Center. This year’s theme was “Preserving Connections Throughout Time” and the Foundation celebrated long term relationships with the donors in the audience. There were also plenty of brand new friends attending the event. The Foundation’s new video “Dreams” was premiered much to the delight of the crowd. Guests dined on a wonderful meal featuring local products including Clear Springs Food’s trout and Falls Brand/Independent Meat’s pork loin. Jud Harmon served as the Master of Ceremonies and Stenson Clontz acted as auctioneer. A big thank you to all of the donors who lifted their paddles to raise scholarship funds for students at the College of Southern Idaho.

The Foundation Scholarships are helping me reach my goal of getting my Associates of Applied Science (AAS) degree in Baking and Pastry Arts, as well as providing funding for my classes and books, something I greatly appreciate.

In the future I hope to decorate cakes and bake on a larger scale, in my own bakery or under someone else's company. I am excited to achieve my AAS Degree and move on to my dream job as a baker and to continue learning on the job wherever I go.

I'd like to thank the Foundation and CSI so much for the scholarships I've received!

Brianna Eddy
Baking and Pastry Arts Program Student
From the very first day that I stepped foot on campus, I realized that this was going to be an unforgettable experience for me and it was! I am a first generation student who, with the help of the CSI Foundation and Scholarship Coordinator, was able to afford and obtain an Associate's degree in Social Work. My parents were unfamiliar with the college process and luckily enough, I was able to find the help necessary to enroll at CSI. The faculty and the staff were always willing to go above and beyond to help me. At CSI, I got the university feel while being at a community college. Coming to CSI was one of the best decisions that I have made and it would not have been possible without the help of the CSI Foundation. CSI has helped me in my pursuit of my dream, becoming a Social Worker. The experience and knowledge I achieved here will be of great help at BSU.

Rosa Izabel Lopez, transferring to BSU

Attending The College of Southern Idaho, taking nineteen credits, and working twenty-five hours a week, was what my future held when I graduated from Kimberly High School in 2012. My goal was to graduate from CSI with an Associate's Degree in Elementary Education within one year. I knew that it was going to be tough, but the toughest part was trying to finance my education. I applied for many scholarships at CSI, with the hope that I could cut down on the amount of time spent at work, and in return, spend it where I needed it most. With the help of the generous CSI Foundation Community Donors, I was able to accomplish my goal.

I cannot fully express how grateful I am for the opportunities that have come my way and for what my future holds. I am now attending Idaho State University through the extension program at CSI. I can't believe how fortunate I have been to attend such great schools here in Idaho. CSI has it right when they say, “Stay Near, Go Far” and I wouldn't have had it any other way! Thank you CSI Foundation Community Donors and Go Eagles!

Miranda Overacre, transferring to ISU

While growing up, it was never expected that I attend college, let alone get some kind of degree. I knew it was important to get an education so I set some goals.

I had a passion for horses so I enrolled at CSI in the Equine Business Management program. I was there a semester when I got the opportunity to do an internship on a horse farm in Kentucky. After the internship, I came back and finished my Associate's degree. I then started my own small farrier business.

After 5 years of running my own business and starting a family, I decided I needed to further my education. Having roots already established in Southern Idaho made it hard to attend a 4 year university. After researching the options available to obtain my Bachelor's degree here in Twin Falls, I discovered the 2 +2 program at CSI. I was pleased to find that I could attend the U of I and get an agriculture degree. This program works well for me, my family and my business.

Thanks to CSI I am on my way to accomplishing a lifelong goal.

Dan Davis, transferring to U of I
I was a junior in high school when I took a field trip to the CSI campus and fell in love with it. It was at that moment that I decided I wanted to attend the College of Southern Idaho. I started to research CSI and found that tuition would be more expensive than I anticipated. As an out of state resident, the Foundation scholarships that I received made the difference in my ability to become a CSI student. These scholarships allowed me to attend the school that I desired to go to, rather than attend the community college located in my hometown.

I am extremely thankful for the Foundation Scholarships that I have received. I know that without them I would not have been able to go to the college that I longed to attend. I hope to graduate from CSI in May of 2014 with two Associate of Arts degrees, one in General Business and the other in Economics. After graduation, I plan on moving back to Nevada and finding a full time job. While I am working, I still want to further my education, so I plan on completing an online Bachelor’s Program.

Beth Minniear
Honors Program Student
One of the bonuses CSI employees enjoy is witnessing the self-improvement of our students...watching them succeed and contribute to the community. We all feel a small bit of ownership in their achievement.

While CSI is the most affordable education around, there are still many who have difficulty with finances. This is why I have chosen to help those who are just starting their education journey.

Earning a GED is the first step for many in bettering employment and career chances. Some have problems paying for the GED test battery. I feel good about providing help with scholarships in this area. I’ve found recipients are often overwhelmed to know someone believes in them and it gives them the impetus to continue.

I know some who have been helped in this way now contribute to the CSI Foundation, so these gifts perpetuate themselves.

Critters of all shapes and sizes have been my passion and greatest love ever since I was big enough to hold a kitten. But living on a ranch in rural Nevada severely limited my exposure to “big college towns”, where I could ever stand a chance of pursuing my greatest dream… becoming a licensed veterinary technician. Options were slim, especially because I wanted to stay in the Western United States. Eventually, my frantic search to find the perfect school ended, when one day I picked up a CSI catalog from a news stand and saw “Veterinary Technology” listed as one of the programs they offered. Since then, the folks at CSI have gone leaps and bounds to continue to help me capture my dream, from the scholarships I received from the CSI Foundation, to the friendly and caring faces of teachers and classmates who have found their calling, just as I did.

Thanks to the College of Southern Idaho, a small town ranch girl was given an opportunity that was at one time only a dream. But every day, I am blessed to see my dreams, taking shape…to become reality. Thank you, CSI foundation!

Katrina Cumming
Veterinary Technology Program Student
I am so thankful for receiving the Foundation Scholarship. It benefited me greatly by relieving some of the stress about funding my education. I like to get really involved in school from the start of the semester, whether it is taking school courses, joining clubs, or attending school events. I get so busy when the semester starts that it makes it difficult to have a job. Typically I work over the summers to save up money for the semester ahead. Unfortunately this summer I was enrolled in two summer classes which had an impact on how much I was able to work. The Foundation Scholarship really helped replenish my ability to pay for my education since I had not been able to save over the summer. The Foundation Scholarship made it much easier to be a student here at CSI.

Sadly, one day my education will end here at CSI and I will move on to the next chapter in life. I am planning to apply to Harvard University before I leave CSI. I plan to attend if/when I am accepted. Say what you would like, but I set my goals high and I achieve them. I try to live my life based on my own philosophy that “One must always take the hardest path, for when the easiest path is no longer an option, one will be confident it can be done”. My future goals are looking very promising. Owning my own business has been a dream of mine since I was young. With my Business Degree I plan to restart an apparel company I had previously started while attending high school. When I am all done with school, I plan to take the time to travel the world from the Mayan ruins to the Easter Island. I want to see and learn about it all!

Jerry and Barbara Beck’s Legacy for the CSI Students

You know that you are reading a really good book when you feel sad when you finish the last page. The CSI family learned that our current play book, written by Dr. Jerry Beck, would be ending in December of 2013. President Beck announced his retirement in June of 2013. Jerry became President of the College of Southern Idaho in 2005. He has been a dedicated employee of CSI since 1975 and a Foundation donor for almost all of those years.

Jerry and Barbara believe in the students at the College of Southern Idaho. They became donors to the CSI Foundation in 1987, just a few years after the Foundation was formed, and have been generous donors each year. They have established three endowed scholarship funds to provide scholarships for deserving students. The George and Jane Beck Scholarship Endowment was created in memory of Jerry’s parents. The Henry L. and E. Jean Leydet Scholarship Endowment was established in memory of Barbara’s father and in honor of her mother, Jean. Their most recent contribution created The Barbara and Jerry Beck Scholarship Endowment. All three endowments will support students at CSI in perpetuity.

The College of Southern Idaho Foundation, Inc. would like to thank Jerry and Barbara for their tireless service and deep dedication to the College of Southern Idaho and our students. We wish them the best that life has to offer as they begin to write their life’s sequel.

Jerry and Barbara Beck’s Legacy for the CSI Students

As a member of the Honors program, I would like to express my appreciation for the support the CSI Foundation has provided me. I feel very fortunate to have the opportunity to be part of this fantastic program. The financial help has given me the foundation to focus more on my educational goals. In addition, it provides me with the strength to keep going, and come closer to my dreams. I am majoring in Criminal Justice and will pursue to become an FBI Agent. I plan to graduate from CSI with an Associate’s Degree in Criminal Justice then plan to transfer to a four year university.

I am very pleased to know that there are organizations like the CSI foundation that will help others make their hopes come true. My dreams go on and beyond, I believe anything is achievable if you fight for it. Thank you for all the great things you have provided for many of us. These programs help make life’s struggles easier. Your support will help me go very far in my education.

Ilse Sanchez
Honors Program Student
Please contact the Foundation office to request a copy of the 2012-2013 audit.

After Twin Falls County citizens voted on November 3, 1964, to create the College of Southern Idaho, it has been meeting needs and developing opportunities. While these have varied, they have always been limited by public funding. The CSI Foundation had its origins during the tough economic times of the early 1980s; it was incorporated in 1984. Not only has the foundation provided scholarships and other assistance for students but it has provided seed money for helping the college achieve its overall goals such as collaborating with the Twin Falls Bank and Trust in 1987 to begin the Teaching Excellence Awards for academic and professional-technical faculty. Another collaboration brought the Child Care Center into existence in the mid-1980s, fueled by the passion of Hermon E. King of Burley.

Since the formation of the foundation, I have supported it. It allows me to target my interests, just as Mr. King did. There is no greater honor for deceased colleagues than gifts in their memory. At times I have contributed to the CSI Library. It has been said that all historians are frustrated librarians! Other times I have focused on scholarships to assist students; these scholarships allow students to advance from their basic needs to exciting opportunities.

Jim Gentry
Professor Emeritus of History
With great gratitude I am pleased to have a Foundation Scholarship offered through the College of Southern Idaho's Honors Program. This scholarship helps greatly with my financial burden that every college student has to go through. This scholarship is helping me pay for the cost of living while attending CSI. It will go a long ways in helping me achieve my goals. This is currently my second year at CSI and have one more year following this one until I plan on graduating.

After I graduate from CSI with my Associate’s Degree in Pre-Pharmacy I plan on going to Idaho State University to start the Doctor of Pharmacy Curriculum, which is offered in Meridian, Idaho. After graduating from Idaho State University I then plan on working as a pharmacist somewhere in the Treasure Valley.

Jordan Davis
Honors Program Student

Total amount of scholarships awarded to CSI students in the past four years

- 2010: $1,147,092
- 2011: $1,053,851

Angela’s Corner

Angela R. Hoops was a beloved counselor at Buhl High School and a tireless supporter of the College of Southern Idaho. Angela was called from this life way too soon but not before she had a lasting impact on students in the Magic Valley. The CSI Foundation and the CSI Library celebrated Angela’s life on December 8, 2012, with the dedication of the Angela R. Hoops Memorial Reflective Alcove, or as it is lovingly called by students, “Angela’s Corner.” Angela’s Corner is located in the CSI Library. Angela had a deep love for books so the library was a fitting place to remember her.

Angela will be remembered as a wonderful daughter, a good friend, a positive role model and a thoughtful and encouraging counselor. Countless students from the high school praised her for her tough love, encouragement and boundless energy. She challenged her students to see beyond the present and to envision what the future could look like for them with a higher education. She taught her students to plan and then implement that plan with sound decisions. She encouraged first-generation college students to go on to college and be the first in their families to earn a degree or technical certificate. She encouraged outstanding students to set their goals even higher in order to reach their full potential.

Angela’s mother, Marge Hoops, established the William R., Marge R. and Angela R. Hoops Scholarship endowment at the College of Southern Idaho to support scholarships for students at CSI. These scholarships will forever change the lives of the students and their families.
**Memorial Gifts**

The College of Southern Idaho Foundation, Inc. received donations in memory of the following people between July 1, 2012 and June 30, 2013. We are extremely grateful to the friends and family members who chose to remember the students at the College of Southern Idaho during very difficult times.

**Honorarium Gifts**

What do you do for someone when it is a special occasion and they have everything? You honor them by giving a donation to the CSI Foundation in their name. CSI students have benefitted through honorarium gifts given for the following people between July 1, 2012 and June 30, 2013.

The Foundation Scholarship I received has helped me immensely in the pursuit of higher education. My dream has always been to work with animals and after many hours of working in a veterinary clinic in high school, I was sure that I wanted to be a vet. I am a freshman here at the College of Southern Idaho and am majoring in Animal Science. After I get my degree here at CSI, I plan on transferring to a four year university to obtain the rest of my education.

A few of the classes I took for my degree were only offered in the fall. Because of this I ended up taking on more of a course load for the semester than I originally planned. I was also extremely honored to get to be a part of the Honors Program here at the college. But with all of these extra classes came extra costs. The Foundation Scholarship has helped me greatly in being able to pay for my extra classes and the books associated with them. I cannot thank the Foundation enough for the help it has provided me in pursuing my career and educational goals.
