NEXT STEPS

You Have Completed Your ALEKS Placement Assessment for College of Southern Idaho

You now have access to a 6-month personalized Prep and Learning Module.

Your 6 months of access to the Prep and Learning Module will begin once you start the module in your ALEKS Account.

You may use the Prep and Learning Module to improve your preparation for your upcoming math class and to improve your Placement Assessment score.

Go to http://www.aleks.com to log in to your ALEKS Account to begin.

Your login username is printed on your ALEKS score report and you will also receive an email with it. Your password will be your birthdate MMDDYYYYc. (Please do not change this password)

You can retake the Placement assessment up to 4 additional times to improve your score. (The highest score will be used for math placement). Students are required to work in the Prep and Learning Modules for a specific amount of time prior to each Placement Assessment to increase success.

- **2nd attempt**—required to complete 3 hours of work in the Prep and Learning Modules before attempting assessment. This attempt may be taken at home as a practice exam, however, it will NOT count as an official score and it will be counted as one of your five attempts as an unproctored/unofficial exam. **If you would like this attempt to be counted as an official score, you will need to take the 2nd attempt in an official proctored environment.**

- **3rd attempt**—There is no requirement to spend time in your Prep and Learning Module before the 3rd placement attempt, though it is recommended. This attempt can only be accessed in a proctored environment.

- **4th attempt**—required to complete 10 additional hours of work in the Prep and Learning Modules before attempting assessment. This attempt may be taken at home as a practice exam, however, it will NOT count as an official score and it will be counted as one of your five attempts as an unproctored/unofficial exam. **If you would like this attempt to be counted as an official score, you will need to take the 4th attempt in an official proctored environment.**

- **5th attempt** – Final attempt – required to complete 10 additional hours of work in the Prep and Learning Modules before attempting assessment. This attempt can only be accessed in a proctored environment.

Please register for recommended class. Remember you only have 6 months once you begin to complete the Prep and Learning Module and your ALEKS placement must be completed within one year of your 1st attempt or you will be required to pay a $25 fee to create a new account.
