### CSI Offices Keep Later Hours Through Registration

College of Southern Idaho offices that can assist with registration for the fall 2014 semester will be open an extra hour each weeknight through Aug. 29. Fall semester classes begin Monday, Aug. 25.

Most offices will be open from 8 a.m. to 6 p.m. The longer hours apply to the Book Store, Business, Advising, Financial Aid, Information, and Records offices, most of which are located in the "Matrix" section of the Taylor administration building. The Student Services and Student Disabilities offices will also extend their hours. The CSI Testing Center in the Meyerhoeffer building will be open until 9:30 p.m. Mondays through Fridays throughout the semester.

A couple of noteworthy changes; CSI offices will not be open Aug. 23, the Saturday before the semester begins and students who have not registered before Aug. 25 will not be able to register for regular fall semester classes. Students who are already registered for classes by Aug. 25 will be able to drop classes or add with instructor permissions through Aug. 29. Late students are welcome to enroll in late-starting fall classes, which begin in mid-September.

For information, call the college information desk at 733-9554 or the Matrix office at 732-6250. Information can also be obtained at the CSI web site at [www.csi.edu](http://www.csi.edu). Returning CSI students are welcome to register and pay their tuition and fees online by accessing the CSI web site.

### FREE to Good Home: Trade Show Display Panel

We would like to give away a like-new event/trade show display panel to any program or department that needs it (first come, first served).

It's two colors, red on one side and blue on the other.

It includes a backlit header (not shown in the pictures) that can be attached at the top.

The event display panel is about 4 feet tall and has six panels of about 16" wide each. It comes in a sturdy travel box. Informational panels are easy to attach with Velcro (those are not included), so it can be used for a variety of displays as needed.

I attached two pictures so people can see what we are talking about. Could you include this on your next e-Notes or help us figure out where we could announce it, it's in really good shape but we don't use it anymore. I travel to Twin Falls every month for the PACE meeting, so we can deliver it to the CSI campus.

To request it please email [maria@idahostar.org](mailto:maria@idahostar.org)
